

I have been stayed in this Hostel from form one to form four. I have experienced a lot of things. In Several Sectors.

In Side of food, In short Hostel food are very delicious and ~~we~~ you Sisters you try alot to make sure you give the students enough food. I am very happy with the Break fast which the students get. Because you try by your level best to change breakfast for students every day.

The Environments are very clean from inside to outside. That makes easy to have suitable environment for our studies.

All in all ~~we~~ ~~how~~ I would like to say thanks and to advice you to continue to help students and take care for them. Just be tolerance with the students behaviours. In short I would like to advice you that "NEVER GIVE UP".
